

Logo Only

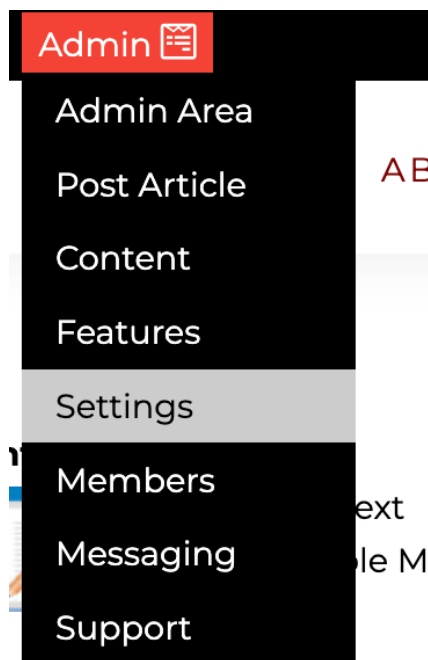

The Logo Only module displays your organization's logo directly on your homepage, giving your site a clean, branded look without any additional content around it.

To add it to your homepage, navigate to Edit Main Column, select Logo Only from the dropdown menu, and click Add Module.

If you have already set up a logo in your settings, then it will auto display on the page.

Setting Up Your Logo

To upload or change your logo, go to Admin Area > Settings > Website Graphics > Edit Logo / Custom Image.

From here you have two options. If you have your own logo, use the Custom Union Logo or Custom Image section to upload it by clicking Choose File and selecting your image. The file should be either a .jpg or .gif, under 50KB in size, and no larger than 300x300 pixels. Click Save Logo when you're done.

If you don't have your own logo, UnionActive provides a selection of standard union logos you can choose from instead. Use the Select Standard Union Logo dropdown to browse the available options, which include logos for a wide range of unions such as IAFF, AFL-CIO, AFSCME, IBEW, and many others. Once you've made your selection, click Select Logo

to apply it.

Website Graphics

- ▶ Edit Header Images
- ▶ Edit Logo / Custom Image
- ▶ Graphics Request Form

Your current logo is displayed at the bottom of the page, and a Delete Logo button is available if you ever need to remove it.

Edit Web Site Logo/Custom Image

Use this form to upload a web site logo or custom image. The logo/image will appear on the main page. If you don't have a logo, you can select a standard union logo to use.

Custom Union Logo or Custom Image

Select Logo Image To Upload: No file chosen

The image should be either a .jpg or .gif file under 50KB in size. The dimensions should be under 300x300 pixels

OR

Standard Union Logo

Select Standard Union Logo:

If you don't have your own logo to upload you can select from our standard selection of union logos above. Let us know if you don't see your unions logo here and we will do our best to get one.
